# **Transmittal Letter**

June 14, 2016 Honorable Mayor and City Council of the City of Grand Terrace

Introduction

For your consideration, I submit the Fiscal Year (FY) 2016/17 Adopted Budget and Five-Year Balanced Budget Forecast. The State of California is seeing a resurgence in consumer confidence that is being lead by the once battered real estate market. The San Bernardino County Region's economy is also improving and we are seeing year over year increases in Grand Terrace's core revenues, such as; sales, use, and property taxes.

Fund Balance or<br/>Rainy Day FundThe City of Grand Terrace's General Fund budget is a balanced budget<br/>for 2016/17 with revenue of \$4.78 million and expenses of<br/>approximately \$4.64, leaving a projected fund balance of \$133,000. The<br/>revenue estimates include baseline revenue such as sales, use and<br/>property taxes. Staff anticipates that additional revenue will be gained<br/>from sale of Successor Agency property, waste water agreement with<br/>City of Colton and from revenue enhancements, liquidation of assets,<br/>new fees and Public Private Partnerships.

The Adopted Budget is derived from the baseline budget of 2015/16. The budget philosophy in 2016/17 relies on allocating appropriate costs to non-general fund accounts, in an effort to increase services and eliminate the cycle of service insolvency, which stems from balancing the budget with services well below historical standards of a community with Quality of Life Standards like the City of Grand Terrace.

**Personnel Increases and partial restoration of concessions** The 2016/17 budget has an increase in existing labor cost of approximately \$150,000. The increase labor costs are due partially to the elimination of the reduced work week during the second half of fiscal year of 2016/17. Another contributor to the rise in labor costs stems from the request for additional staff. Departments were required to identify how the requested positions will either enhance service or increase revenue. No position was added without reviewing its ability to enhance the City's economic development projects or maintain the City's quality of life programs. The new positions in the budget are either partially funded by the general fund or replacements for budgeted positions in 2015/16.

Organizational Structure	The Adopted Budget does not call for any dramatic changes or restructuring to the various departments within the City. The major department change occurred in the current fiscal year (FY2015/16) where the Council created the Department of Planning and Development Services and Public Works Department, resulting in the creation of the Public Works Director position.
	The City Clerk's Office is responsible for Information Technology (IT) services and contracts with the City of Loma Linda for these services. The cost for those services has almost doubled from \$35,000 to \$65,000 as Loma Linda tries to recover their true cost to provide the City of Grand Terrace with IT services. Loma Linda has indicated that they may not renew the contract with the City next year and staff will be monitoring fiscal implications of further costs for IT services. The City Clerk's Office has absorbed the bulk of this increase in their base budget and is requesting a \$5,000 increase in the IT services budget.
	The City Clerk is also charged with digitizing files and moving toward paperless agendas. Based on comments from the Council and Public, staff is incorporating resources into the budget for an update of the City's webpage to ensure it is more user friendly.
Other Funds	The Adopted Budget utilizes a significant amount of non-general fund appropriation requests as the various departments seek to use Special Funds for the Development of new Parks, Roads and Community Facilities. The City has over \$3.5 million in Special Funds (Development Impact Fees, Facility Fees, Gas Taxes and Quimby Fees) to implement Capital Improvement Programs. The Use of these Special Funds will most certainly have an economic impact on the local economy as local businesses bid for some of the request for proposals.
Child Care Program	Special Revenue Funds are established to ensure that the purposes of the funds are not commingled with expenses of the General Fund. The City's Child Care program is a special revenue fund whose revenues are expended only for the Child Care's day-to-day operations. However based on our FY2014/15 audit and the year-end projections for FY2015/16, the Child Care Fund cannot support itself without significant contributions from the General Fund. This is partially due to the Child Care only receiving about 90% of projected annual revenues. However the primary reason Child Care can't break even is due to the CalPERS retirement system. When CalPERS investments don't reach

the projected targets, they look to the cities to fill in retirement gaps. This year's FY2016/17 Child Care budget addresses the revenue shortfall by reducing administrative costs and only offering classes with 100% capacity. However, it does not address the additional retirement contribution of approximately \$150,000.

The quality of the program is not in question but the City would need to charge each child an additional \$1,000 annually in order to meet the retirement contribution for Child Care Employees. Without that charge, all of Grand Terrace taxpayers are subsidizing child care services for existing customers. City staff continues to monitor the situation and will report back to Council on ways to mitigate and or remove this liability from the General Fund.

The City should see a significant amount of construction this year with over 70 single family units under construction. The City will also transfer a significant amount of property from public ownership to private developers. It is estimated that over \$2,000,000 in city/agency owned property will be transferred/marketed to private developers. The overall value of the land at buildout is over \$100,000,000.

In addition to City property, San Bernardino County Association of Governments (SANBAG) continues to acquire land and right of ways for its \$80,000,000 I-215 Barton Road project, which is scheduled to start construction in the first part of the 2017/18 fiscal year. The City will also prepare its Last and Final ROPS (Recognized Obligations Payments) to the Department of Finance. Once the City completes that task, it will have access to an additional \$4,000,000 in bond funds to carry out projects that were originally listed in its redevelopment plan.

Another Economic Development tool within this year's budget is the City's desire to examine the potential Impacts of and EIFD (Enhanced Infrastructure and Financial District) which allows the City to use property tax increments (only its own) to help fund critical infrastructure and development projects. The City will also continue to work with private land owners in the City to facilitate development by fast tracking projects and meeting with developers interested in locating businesses to fill the retail sales leakage in Grand Terrace.

The FY2016/17 Adopted Budget also proposes to reduce long term liability with the prepayment of the Zion Loan. The Loan's current amount is \$1.0 million with an annual payment of \$250,000. Staff's recommendation is to use existing fund balance to pay off the loan and save approximately \$130,000 in interest. Payment of the loan from Fund Balance will take the fund balance below the Government Accounting Standards Board (GASB) recommended amount during the fiscal year

#### Economic Development

but staff projects that by the close of the fiscal year, the fund balance will return to GASB's recommended 17%.

The FY2016/17 budget also recognizes the Council's Goal #4 to develop and implement successful partnerships. Therefore staff has prepared a list of annual activities conducted at City facilities, which staff previously petitioned the Council on an individual basis to waive fees. However the organizations operating these programs are conducting programs which were once performed by the City the City needs to resume its partnership and at a minimum be present, acknowledged and support the organizations by including their activities through fee waivers in the City's annual budget.

The City's Community Benefits Fund was a success in FY2015/16 providing over \$8,400 for community events. Staff is recommending the budget for FY2016/17 include \$5,000 for the City's Christmas Tree Lighting Ceremony, leaving \$20,000 for direct grants to community groups.

The 2016/17 Budget also includes project sheets from each department highlighting specific projects the department will accomplish during this fiscal year. The project sheets identify the history, tasks, budget, timeline and point of contact for each particular project. There are over 25 project sheet representing the various projects that Council either approved or provided previous direction. The project sheets were developed to create a more transparent process on how we spend our time.

Finally I would like to acknowledge the collaborative process and the hard work the City staff put in to provide the City with a document that will guide it through the fiscal year. As always, we see the budget as a fluid document, we will check-in during the 1<sup>st</sup> quarter to provide an update to the City Council on the accuracy of our prior year closeout. We will return again during the mid-year to make any adjustments and finally for the 3<sup>rd</sup> quarter in preparation for the upcoming fiscal year. The City of Grand Terrace is fortunate to have dedicated employees, committed to preserving the City's quality of life by implementing the policy makers' vision.

Respectfully Submitted,

G. Harold Duffey, City Manager

## Our History

Grand Terrace's roots go back to Mexican land grants dating from the period between 1830 and 1840. According to the Riverside Press, in 1876 there were nine buildings in the Terrace-Colton area.

The development of Grand Terrace, or East Riverside as the Grand Terrace - Highgrove area was then called, became a reality with the construction of the Gage Canal in 1896. This 22-1/2 mile canal, built at a cost of 2 million dollars, brought water from the Santa Ana River marshlands below The Terrace. With plenty of irrigation water, Grand Terrace rapidly became an agricultural community featuring fine, quality citrus. However, the severe "freeze" of 1913 destroyed many groves. Walnuts, a hardier tree, were planted as replacements along with peaches as a quick-profit crop.

The social activities in the early 1900's centered around the Farm Bureau Extension Service and the Women's Club established in 1908, followed by the P.T.A. in the 1930's. Since there were no local churches, people traveled to surrounding communities for worship and other church activities.

Grand Terrace was originally called "The Terrace" because of its higher ground. Later, the "Grand" was added name referring to the area's lovely view. The area's first settlers Dr. Beniamin Barton were (hence Barton Road) and Dr. W.R. Fox. By the time the **Riverside-Highland** Water Company was formed in 1898, this community was known as Grand Terrace.

# Push to Cityhood

In 1962, the Grand Terrace Chamber of Commerce was organized. From the very beginning the Chamber was interested in preserving the local identity of the area, and therefore, was a strong supporter of cityhood.

The push by residents for cityhood led to hearings by the county's Local Agency Formation Commission (LAFCO), which was charged with deciding whether the town could succeed as a city.

According to Tony Petta, the City's first mayor, several hundred Grand Terrace residents attended the LAFCO hearings and the news they heard wasn't always encouraging. LAFCO members seemed to think the area was too small to support itself as a city.

Then Supervisor Dennis Hansberger during his first term in office said the concerns were that Grand Terrace had no tax base -- meaning little sales tax revenue and an insufficient amount of property taxes -- to pay for city services.

But Hansberger supported the city and helped obtain the \$28,000 needed for a feasibility study.

The residents got the issue on the ballot, and on November 7, 1978, 82 percent of Grand Terrace's voters said yes to incorporation. The city was officially formed on November 30 of that year, when the City Council had its first meeting at Terrace Hills Middle School and became the 16th City in San Bernardino County.

Eighteen residents applied to be city council members and five were elected: Tony Petta, Thomas A. Tillinghast, Hugh J. Grant, Doug Erway and Jack A. Allen. Tony Petta was chosen mayor.

# City of Grand Terrace Community Profile

The City of Grand Terrace is located in San Bernardino County, is 5 miles south of the City of San Bernardino and is 7 miles northeast of the City of Riverside.

## <u>History:</u>

The City of Grand Terrace is a 3.6 sq.-mile community located in San Bernardino County, California with a current population of 12,157. When the town was still part of an unincorporated area in San Bernardino County, Tony Petta, resident and the president of the Grand Terrace Chamber of Commerce, saw a threat to the bedroom community when the City of Colton, a neighboring city, filed papers in 1976 to move Grand Terrace into its sphere of influence (SOI). A sphere of influence is defined as the probable future service boundary of a city or special district, and it represents the area within which the city or district is expected to grow. In this case, Colton was including the community of Grand Terrace as an area where they will grow into and was considering annexation of Grand Terrace.

It was popular sentiment of local residents at that time that Grand Terrace should keep its small-town feel by becoming its own city, rather than being annexed into the City of Colton. Petta, along with numerous volunteers from the community, convinced the county board of supervisors and the Local Agency Formation Committee (LAFCO) that cityhood was best for Grand Terrace.

LAFCO is responsible for the following:

- 1. Encourage orderly growth.
- 2. Promote logical and orderly service boundaries for cities and special districts (this includes incorporation and disincorporation of cities and service areas).
- 3. Discourage premature conversion of prime agricultural lands to urban uses.
- 4. Promote efficient and effective service delivery for cities and special districts.

Residents agreed overwhelmingly; the vote was 2,022 to 437.

#### City of Grand Terrace How to Read the Budget Document

The budget document is organized into the following sections:

- INTRODUCTION: The City Manager's Transmittal Letter provides an overview of the 2016-17 financial plan, a summary of the major operating program changes, and policy issues requiring City Council determination. This section also includes the City's history, mission, vision and core values, and the City's community profile.
- ORGANIZATIONAL & FINANCIAL STRUCTURE: This section provides the City's organizational chart, its elected officials, budget guidelines, structures and resolutions adopting the 2016-17 budget.
- FINANCIAL SUMMARIES: This section provides financial tables and charts which emphasize significant financial relationships and summarizes the overall budget document.

The following illustrations show the financial tables and charts that summarize the City's overall budget.

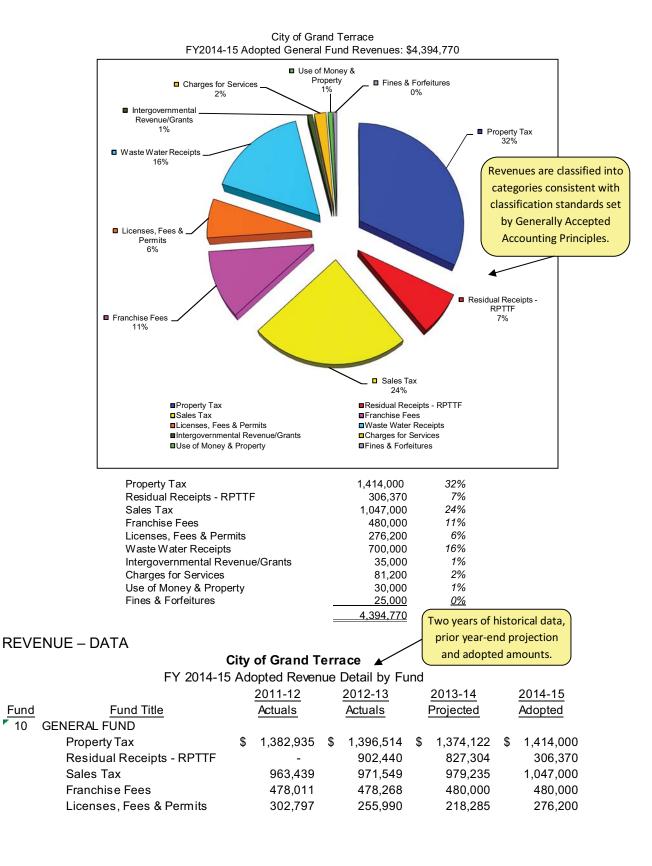

#### FUND BALANCE

Fund balance is the difference between assets and liabilities in a governmental fund. It is the accumulation of revenues less expenditures. General Fund fund balance can be used for purposes determined by City Council. For example:

#### City of Grand Terrace Budget Process

The budget process for the City of Grand Terrace, generally, begins in January each year with a department head meeting to discuss the following year's budget. The City Manager outlines the goals and directives for the development of the upcoming budget. Budget parameters are provided to the departments based on a preliminary revenue forecast and current economic conditions. The Finance Department creates the budget process calendar, and prepares the budget development guidelines and budget worksheets for each department to use in preparing the new budget. The guidelines outline the policies and procedures to be used in preparing the departmental budget submittals.

In February and March, after the departments have submitted their detailed budget requests into the worksheets, the Finance Department reviews, analyzes, compiles the data, and calculates the total expense budget requested by the various City departments. Finance prepares the revenue estimates for most of the general fund revenues and reviews all other revenue estimates for other City funds that are provided by various City departments.

In April, the Finance Department prepares the proposed budget document, reflecting the City Manager's proposal. The City Manager, then, submits the proposed budget to City Council, as required by the City of Grand Terrace Municipal Code and a public hearing is held. In May through June, the Council conducts several budget meetings to discuss the proposals and make revisions as warranted. The Council adopts the budget prior to the beginning of the fiscal year.

After the budget is adopted, the Finance Department integrates the budgetary data into the City's financial system at the beginning of the fiscal year. During the fiscal year, budgetary controls are maintained to ensure compliance with the budget as approved by the City Council. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the program level.

Monthly Financial Reports and and Mid-Year Budget Reviews are presented to the City Council to review budget-to-actual results for both revenues and expenditures. The Mid-Year Budget Review also includes a fiscal year-end projection such that adjustments in staffing and other budgetary resources may be made per Council's direction. Appropriation adjustments requested by departments are also considered during the Mid-Year Budget Review.

**Budget Amendments:** Supplemental appropriations requested during the fiscal year, when necessitating the use of reserves/fund balance, require approval by the City Council. Supplemental appropriations requested during the fiscal year with offsetting revenues and budget adjustments between funds and departments are approved by the City Manager throughout the fiscal year.

**Basis of Budgeting:** The City uses the modified accrual basis in budgeting governmental funds. As such, obligations of the City are budgeted as expenditures and revenues are recognized when they are both measurable and available to fund current expenditures.

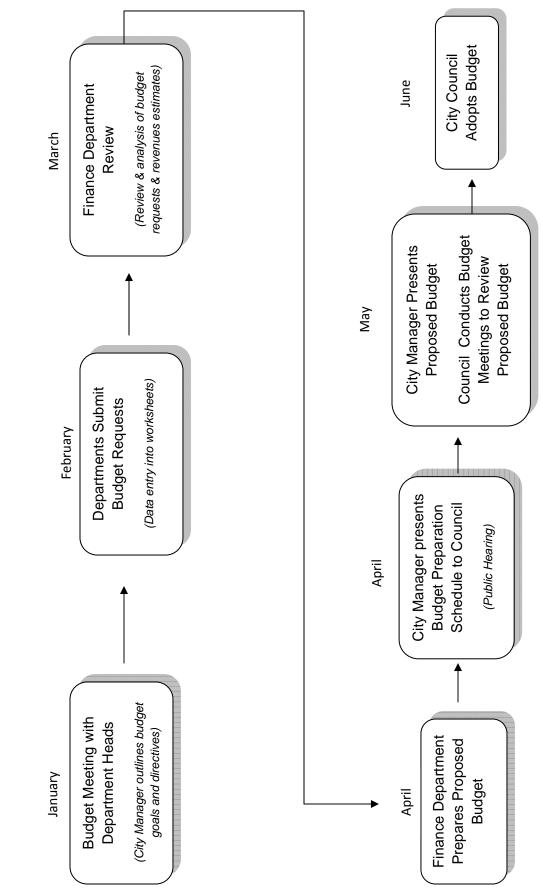

**Enterprise Fund:** The City has an enterprise fund for its wastewater disposal operations. The City has entered into three (3) agreements with the City of Colton as follows:

- a Wastewater Lease Agreement wherein the Colton Utility Authority shall collect revenues, operate, maintain, manage and monitor the City's Wastewater Enterprise;
- b) a Sewer Services Agreement wherein the Colton Utility Authority shall convey, treat, dispose of or reuse all wastewater received from the Grand Terrace Wastewater System; and
- c) a Settlement and Release Agreement that settled all pending waste water litigation between Grand Terrace and the City of Colton.

**Overhead Cost Allocation:** The City also utilizes an overhead cost allocation model for its general government costs.

The budgets for the enterprise and overhead cost allocation amounts are prepared on a full accrual basis, with expenses recognized when incurred and revenues recognized when due the City.

**Budgetary Data:** Annual budgets are legally adopted for all funds on a basis consistent with generally accepted accounting principles.

# City of Grand Terrace Budget Development Guidelines FY 2016-17 Budget

## Budget Development Guidelines

- Departments should submit budgets that reflect no change in staffing or service levels from FY 2015-16.
- Personnel budgets have been developed by Finance and are based on current compensation levels, as follows:
  - Continuation of the 36-hour work week and corresponding 10% salary reduction;
  - Continued suspension of merit increases; and
  - > No cost-of-living adjustment (COLA).
- Any reinstatement of the above compensation items will be by policy direction of the City Council.
- Payroll allocations for employees charging time to the Successor Agency have been adjusted in some cases, compared to FY 2015-16, based on the \$250,000 state-mandated limit on Successor Agency administrative allowance.
- A general inflation factor of 2% was applied to the base year budget for FY 2015-16 in operation and maintenance accounts. If multi-year contracts are in place that provide for inflationary adjustments greater or less than 2%, departments should enter the adjustment in the "Department Adjustment" column.
- A general inflation factor of 2% annually has also been applied to the additional 4-year projection amounts. If a department believes that this amount should be greater or less than 2%, the amount can be adjusted in the department recommended amounts.
- Following review by the City Manager & Finance Department, the City Manager will submit a Preliminary Base Budget and additional 4-year projection reflecting the above guidelines.
- Any proposed additions to the Preliminary Base Budget should be submitted for consideration as a New Budget Request, along with comprehensive justification and service level impact utilizing the attached form. Given the significant fiscal challenges facing the City, any such requests must have compelling justification.

# City of Grand Terrace Budget Preparation Instructions FY 2016-17 Budget

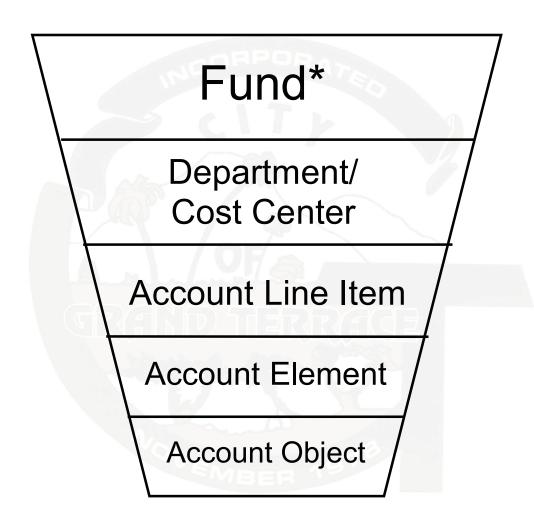

### **Budget Preparation Instructions**

- Budgets should be keyed into the Department Excel Worksheets provided by Finance.
- An additional worksheet will be provided requesting detailed vendor, description of goods and/or services and amounts of certain account line items to provide justification for the line item amount.
- All line items should be rounded to the nearest \$100.
- The "2016-17 Base Budget Column" column has been populated. If the department feels the need to adjust the base amount, all adjustments should be entered in the "Department. Adjustment" column and sufficient justification be provided for any increases.
- Salaries & benefits data has been entered by Finance and will be flat for the 2016-17 base year.
- With the exception of employees hired under an Employment Agreement, salaries for vacant positions that are still funded have been budgeted at the "C" step of the applicable salary range; benefits for such vacant positions have been reduced in accordance with the new tier benefit structure.
- Salaries-TEMPORARY (Object 6120) & Salaries-OVERTIME (Object 6122) are the responsibility of each department. Please make sure your department reviews these amounts.
- Capital Assets (assets with an initial cost of \$5,000 or greater and an estimated useful life of at least two years) must meet replacement guidelines. However, departments should try to extend the useful life and keep the asset in service longer if possible. Consult with Finance before budgeting for replacement of a capital asset. (Note: Replacement assets are budgeted net of accumulated depreciation.)

### RESOLUTION NO.2016-21 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GRAND TERRACE, CALIFORNIA, ADJUSTING THE FEES FOR THE CITY OF GRAND TERRACE CHILD CARE SERVICES

WHEREAS, the City Council at their meeting of June 9, 2015, established updated fees for services provided by Grand Terrace Child Care Services and were effective for Fiscal year 2015-16; and

WHEREAS, California passed AB10, which approved the first minimum wage increase since 2008 and raised the California minimum wage from \$8.00/hour to \$9.00/hour effective July 1, 2014 and raises the California minimum wage from \$9.00/hour to \$10.00/hour effective July 1, 2015; and

WHEREAS, it was determined that classes for the Child Care Program will be established only if a specific number of persons are enrolled, and the rates for these classes would be sufficient to cover the fund's operating expenditures. The fees will not exceed the cost of providing the services.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GRAND TERRACE, CALIFORNIA, DOES RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

Section 1. The City Council hereby establishes the fees for services provided by the City of Grand Terrace Child Care Services as shown in attachment A.

Section 2. Established fees for services provided by the City of Grand Terrace Child Care Services shall become effective July 1, 2016.

#### RESOLUTION NO. 2016-23

# A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GRAND TERRACE, CALIFORNIA, ESTABLISHING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 2016-17

WHEREAS, Article XIIIB of the California Constitution and Section 7910 of the California Government Code require that each year the City of Grand Terrace shall by resolution, establish an Appropriations Limit for the fiscal year; and

WHEREAS, the City Council has prepared a Proposed Budget for Fiscal Year 2016-17, a copy of which is on file in the Office of the City Clerk and available for public inspection, and

WHEREAS, the said Proposed Budget contains the estimates of the services, activities and projects comprising the budget, and contains expenditure requirements and the resources available to the City; and

WHEREAS, the City's Finance Department has prepared calculations – and documentation required for and to be used in the determination of certain matters and for the establishment of an Appropriations Limit for the City for Fiscal Year 2016-17 and such data and documentation has been available to the public for at least fifteen (15) days prior to the adoption of this Resolution; and

WHEREAS, the City Council has considered pertinent data such as price and population factors and made such determinations as may be required by law, and has adopted this Resolution as a regularly scheduled meeting of the City Council: and

WHEREAS, the Appropriations Limit for the City of Grand Terrace for Fiscal Year 2016-17 is hereby established at \$12,753,101 and the total annual appropriations subject to such limitation for Fiscal Year 2016-17 are determined to be \$3,554,529.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GRAND TERRACE, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

### Attachment A

A. Price Factor: Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2016-17 appropriation limit is:

Per Capita Personal Income

Fiscal Year	Percentage change
(FY)	over prior year
2016-17	5.37

B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2016-17 appropriation limit.

2016-17:

Per Capita Cost of Living Change = 5.37 percent Population Change = 0.90 percent

Per Capita Cost of Living converted to a ratio:	$\frac{5.37 + 100}{100} = 1.0537$
Population converted to a ratio:	$\frac{0.90 + 100}{100} = 1.0090$
Calculation of factor for FY 2016-17:	1.0537 x 1.0090 = 1.0632

# **CITY COUNCIL**

#### **Department Description**

The City Council is a legislative body of five members elected at large by the citizens of Grand Terrace. The City Council is comprised of one (1) Mayor and four (4) Council Members. Each member is elected to a four-year term. The City Council ratifies laws and provides policy direction with regards to City services to provide for the welfare of the citizens of the City. The City Council also serves as the Board of Directors of the Successor Agency to the Community Redevelopment Agency of the City of Grand Terrace. The Mayor presides over Council meetings and serves as the ceremonial head of our City Government. The City Council provides political leadership for the City, makes appointments to various commissions and advisory boards, represents the City in matters involving governmental affairs and activities, performs fiduciary duties for the benefit of the citizens of Grand Terrace, establishes priorities and direction for policies regarding City services, conducts public meetings of the City agenda, adopts and amends municipal codes and ordinances, passes resolutions, and adopts the City's annual operating and capital budgets.

### **Department Strategies**

- 1. Ensure Our Fiscal Viability:
  - 1.1 Commit to a Balanced Budget

### <u>Finance</u>

F 1.1.1 - Working closely with the City Manager, the Finance Department will develop an annual budget for the City based on projected market conditions and conservative fiscal projections.

F 1.1.2 - Finance will provide City Council with clear and concise information regarding revenues and expenditures on a monthly basis.

F 1.1.3 - Finance will perform financial responsibilities in accordance with the City of Grand Terrace fiscal policies, statutory regulations and standards promulgated by professional associations and regulatory agencies.

F 1.1.4 - Account for the City's fiscal activities in an accurate and timely manner with generally accepted accounting principles (GAAP) and other legal requirements.

F 1.1.5 - Finance will provide all departments with online access to the financial system for ongoing departmental budget analysis, forecasting and report generation purposes.

F 1.1.6 - The Finance Director will oversee the development of the annual department budget and ensure that all costs and expenditures remain consistent with the Council's approved annual City budget.

### <u>Finance</u>

1.2 Identify Additional Revenue Sources

F 1.2.1 - Explore potential sales, utility and/or parcel tax measures to fund services and infrastructure improvements.

F 1.2.2 - Review service areas in all departments and coordinate with staff to identify potential new revenue sources.

F 1.2.3 - Work with Community Development staff to ensure appropriate cost recovery for services provided.

### <u>Finance</u>

1.3 Review Expenditures and Seek Savings

F 1.3.1 - Review expenditures by department and identify potential savings opportunities detailed in the 2013-2014 Five Year Fiscal Analysis and Budget Stabilization Plan and provide annual updates and/or recommendations for new savings/revenue opportunities.

F 1.3.2 - Institute comprehensive business licensing/audit program.

### <u>Finance</u>

1.4 Explore Creative Means to Provide Services

F 1.4.1 - Work with City Manager to explore viability of forming special district(s) to provide specific services and/or fund infrastructure investment and/or maintenance.

## FINANCE

## <u>Finance</u>

- 1.5 Ensure Appropriate Cost Recovery for Services
   F 1.5.1 Review cost of services for all departments, including parks and Recreation.
- 2. Maintain Public Safety

### <u>Finance</u>

- 2.1 Ensure Staff Levels for Police Services Remain Adequate for Our Community F 2.1.1 Prioritize annual budget to allocate adequate funding for police services.
- 3. Promote Economic Development

#### <u>Finance</u>

3.2 Invest in Infrastructure Needed to Support Business Attraction and Retention F 3.2.1 - Continue to work with legal counsel and the City Manager to secure the release of former redevelopment funds from the State that may be used for infrastructure improvements to support economic development.
 F 3.2.2 - Work with the Community Development Department on the development of online development, application processing and permitting.
 F 3.2.3 - Establish use of credit/debit cards for City bills and development permitting.

# LAW ENFORCEMENT

# Department Strategies

- 1. Ensure Our Fiscal Viability:
  - 1.1 Commit to a Balanced Budget
     SD 1.1.1 Oversee the department contract budget and ensure all costs and expenditures remain consistent with the Council's approved annual City budget.
     SD 1.1.2 Continue to identify and implement technology-based law enforcement programs and activities at no cost to the city.
- 2. Maintain Public Safety
  - 2.1 Ensure Staff Levels for Police Services Remain Adequate for Our Community.

SD 2.1.1 - Continue to provide appropriate staffing levels to maintain low crime rate and adequate response times.

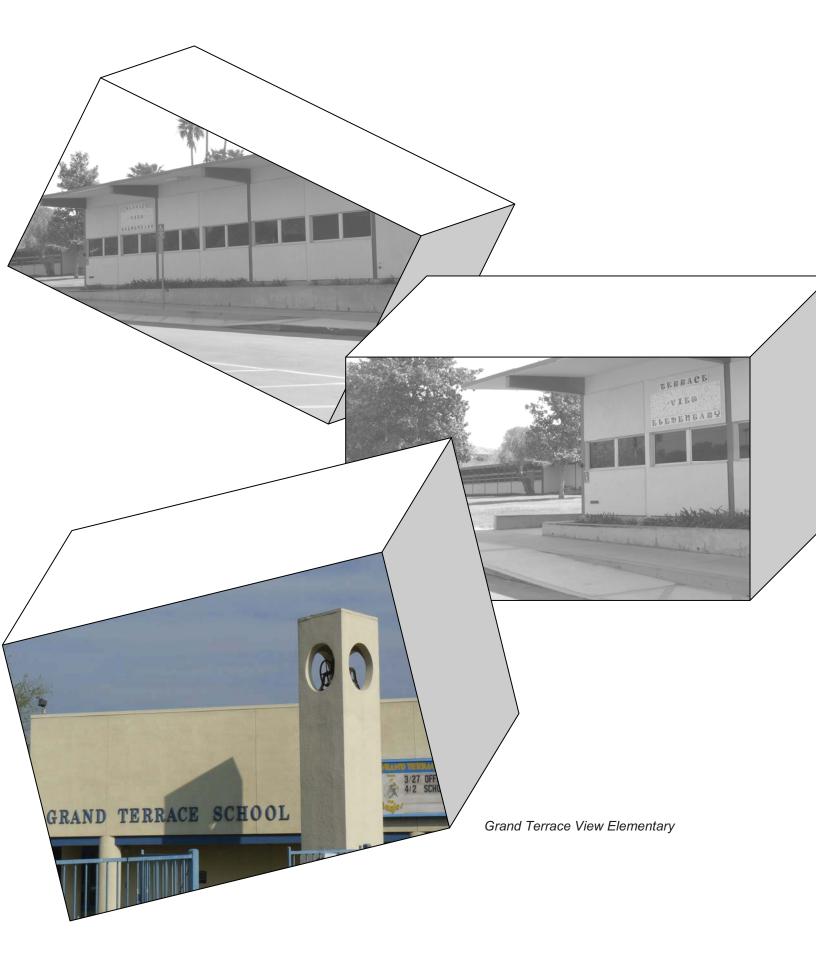

SD 2.1.2 - Continue to identify and implement technology-based law enforcement programs and activities at no cost to the City.

SD 2.1.3 - Continue to enhance mutual aid relationships and identify task force-oriented law enforcement programs, such as SMASH, to increase law enforcement services in Grand Terrace.

- 4. Develop and Implement Successful Partnerships
  - 4.2 Work with Local, Regional and State Agencies to Secure Funding for Programs and Projects SD 4.2.1 - Continue to work with regional, state and federal law enforcement agencies to coordinate services.
- 5. Engage in Proactive Communication
  - 5.3 Engage the Community by Participation
    SD 5.3.1 Provide crime prevention and education programs for residents and local business owners.
    SD 5.3.2 Assist with, and foster, neighborhood-based crime prevention programs and activities.
    SD 5.3.3 Provide opportunities for youth engagement and crime prevention.

## **City of Grand Terrace Fund Descriptions**

#### General Fund (10)

In public sector accounting, the primary or catchall fund of a government, government agency, or nonprofit entity such as a university. It is similar to a firm's general ledger account, and records all assets and liabilities of the entity that are not assigned to a special purpose fund. It provides the resources necessary to sustain the day-to-day activities and thus pays for all administrative, police and operating expenses. When governments or administrators talk about 'balancing the budget' they typically mean balancing the budget for their general fund.

#### **Special Revenue Funds**

#### Child Care Fund (09)

The Child Care Fund accounts for all revenues collected and all expenditures incurred by the City's Child Care Services program. Resources in this fund come from fees paid by participants in the various services offered by the City's fully licensed child care program. The Child Care Program also receives nutrition grant revenues from the State of California, Department of Education.

#### Street Improvements Fund (11)

All new development is required to pay a Development Impact Fee for Streets. This fund accounts for all revenue collected for Street Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment.

#### Storm Drain Improvements Fund (12)

All new development is required to pay a Development Impact Fee for Storm Drain Capital Improvement. This fund accounts for all revenue collected for Storm Drain Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment. Storm drain capital improvement and maintenance fund, for the purpose of developing a storm drain master plan and a storm drain system in accordance with the master plan. The fees shall be established by a resolution and shall be placed in a fund exclusively for the use specified in this subsection. (Ord. 102 § 18, 1986; Ord. 44 § 2(D), 1981)

#### Park Fund (13)

All new development is required to pay a Development Impact Fee for Parks. This fund accounts for all revenue collected for Park Improvement Capital Improvement Fees under the Municipal Code. Funds should be expended in accordance with the latest adopted fiscal impact study and capital needs assessment or master plan. Park capital improvement and maintenance fund, for the purpose of purchasing the land and developing and maintaining the City park system. The City Council shall have the option to request dedication of land for park purposes or, in lieu thereof, request that the applicant pay a fee in accordance with the resolution setting the fees. (Ord. 102 § 18, 1986; Ord. 44 § 2(D), 1981).

#### Supplemental Law Enforcement Services (SLESF) Fund (14)

State Legislature has granted monies for the purpose of providing funds to local governments for front line law enforcement services. GC 30061-30065. This was originally funded by the state as a pacifier to local governments for the ERAF shift.

#### Air Quality Improvement Fund (15)

"Mobile source air pollution reduction programs" means any program or project implemented by the city to reduce air pollution from motor vehicles which it determines will be consistent with the California Clean Air Act of 1988 or the plan proposed pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3 of the California Health and Safety Code. All revenues received from the SCAQMD and deposited in the fund shall be exclusively expended on mobile source emission reduction programs as defined in Section 16.04.020. Such revenues and any interest earned on the revenues shall be expended within one year of the completion of the programs.

#### Gas Tax Fund (16)

The Gas Tax Fund is the result of laws that tax the sale of gasoline. The City's share of gas tax revenue is based on a formula consisting of vehicle registration, assessed valuation, and population. The funding generated is used to perform citywide repairs and restoration to existing roadways, reduce congestion, improve safety, and provide for the construction of assets within the public right-of-way. The Gas Tax funds the maintenance of street lighting, traffic signals, traffic signs, and related facilities.

#### Traffic Safety Fund (17)

#### VEHICLE CODE SECTION 42200-42205

42200. (a) Of the total amount of fines and forfeitures received by a city under Section 1463 of the Penal Code that proportion which is represented by fines and forfeitures collected from any person charged with a misdemeanor under this code following arrest by an officer employed by a city, shall be paid into the treasury of the city and deposited in a special fund to be known as the "Traffic Safety Fund," and shall be used exclusively for official traffic control devices, the maintenance thereof, equipment and supplies for traffic law enforcement and traffic accident prevention, and for the maintenance, improvement, or construction of public streets, bridges, and culverts within the city, but the fund shall not be used to pay the compensation of traffic or other police officers. The fund may be used to pay the compensation of school crossing guards who are not regular full-time members of the police department of the city.

#### **City of Grand Terrace Glossary of Terms**

#### Air Quality Subvention Revenue

Beginning in 1991, a surcharge was added to this area's vehicle registration fees to help fund air pollution control efforts. This surcharge consists of a \$4 per vehicle state fee and an additional \$1 per vehicle District-wide fee. The \$1 fee and 30% of the \$4 fee from vehicles registered in our four counties goes to the AQMD to be used for Mobile source programs such as those promoting ridesharing and developing clean fuels. Forty percent of the \$4 fee goes directly to cities for air quality improvements involving mobile sources. Grants for programs intended to reduce vehicle emissions are available on a competitive basis subject to funds.

#### Budget

A spending guideline adopted by the governing body of an organization by which the individual and specific goals and purpose of the organization are promoted and achieved.

#### **Budgetary Accounting**

A method of accounting in which the planned amounts and actual amounts spent and received are both included in the accounts, so that you can see at any time how much of the planned amount remains.

#### California Public Employees' Retirement System (CalPERS)

The California Public Employees' Retirement System is an agency in the California executive branch that manages pension and health benefits for more than 1.6 million California public employees, retirees, and their families.

#### Citizens' Option for Public Safety (COPS) Grant

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act), signed into law in 2000, provides funding to cities and counties for frontline law enforcement officers and juvenile justice initiatives. With the passage of Assembly Bill 118 in 2011, the State of California amended Government Code 30061 as part of the criminal justice realignment plan. This provided financing for the Citizens' Option for Public Safety (COPS) program.

#### Community Development Block Grant (CDBG)

The primary federal objective of the CDBG program is the development of viable urban communities by providing decent housing and a suitable living environment and through expanding economic opportunities, principally, for persons of low-and moderate-income. Persons of low and moderate income are defined as families, households, and individuals whose incomes do not exceed 80 percent of the county median income, adjusted for family or household size.

#### Conditional Use Permit

A conditional use permit is a document that allows a city or county to consider special uses that may be essential to a specific community, through a public hearing process. It is however not allowed as a matter of right within a zoning district. It enables a municipality to control certain uses that could have detrimental effects on the community.

#### City of Grand Terrace Glossary of Terms (continued)

#### Development Impact fees (DIF)

Development impact fees are one-time charges applied to offset the additional public-service costs of new development. They are usually applied at the time a building permit is issued and are dedicated to provision of additional services, such as water and sewer systems, roads, schools, libraries, and parks and recreation facilities, made necessary by the presence of new residents in the area. The funds collected cannot be used for operation, maintenance, repair, alteration, or replacement of existing capital facilities and cannot be added to general revenue. They are user fees levied in anticipation of use, expanding the capacity of existing services to handle additional demand.

#### Energy Efficiency and Conservation Block Grant (EECBG)

The Energy Efficiency and Conservation Block Grant (EECBG) is a program in the United States, which provides federal grants to units of local government to reduce energy use and fossil fuel emissions, and for improvements in energy efficiency.

#### Expenditures

Actual payment of cash or cash-equivalent for goods or services, or a charge against available funds in settlement of an obligation as evidenced by an invoice, receipt, voucher, or other such document.

#### Expenditures Accounts

Expenditure accounts are generally differentiated as to type of expenditures. Generally, the types of expenditures are segregated between Salaries and benefit accounts; Maintenance and Operations accounts and Capital and Non-recurring accounts.

#### Fund Accounting

Fund accounting is an accounting system emphasizing accountability rather than profitability, used by non-profit organizations and governments. In this system, a fund is a self-balancing set of accounts, segregated for specific purposes in accordance with laws and regulations or special restrictions and limitations.

#### Fund Balance

Fund balance is defined as the difference between the assets and liabilities of a fund. Fund balance is terminology that is applicable to "fund level" reporting of individual Governmental funds and is based on the modified accrual basis of accounting. It is used as a measure of the amount available to budget or spend in the future.

#### GAAP

Accounting Principle termed Generally Accepted Accounting Principles -Recognized accounting principles that the City is expected to follow for such items as revenue recognition and fund accounting.

#### Property Tax

An annual tax on the owner of real or business property. The tax is generally allocated among overlapping taxing agencies that provide services to the property or property owner. The allocation percentages are generally frozen by passing of Proposition 13 in 1978.

#### City of Grand Terrace Glossary of Terms (continued)

#### Recognized Obligation Payment Schedule

PROJECT: Computer Loan Purchase Program	Project Allocation \$10,000	
PROJECT DESCRIPTION:		

#### Computer Loan Purchase Program

Employee growth is essential to the evolvement of an organization. A better educated work force leads to a more productive work force. The Computer Loan program is away to insure employees have access to computers for personal and technology advancement. So much of our world is tied into the internet, with Facebook, YouTube, Tweets and Snapchat. Although traditionally The City only focused on its webpage, we have expanded our reach to the community with our Facebook, YouTube and Twitter account.

The Computer Loan Program requires the Council to allocate \$10,000 for computer purchases. The program will allow employees to purchase a computers (computer or laptop or tablet) and printer. The total amount of the computer loan program is a maximum of \$2,000 (this is not a credit card that an employee can buy up to \$2,000) program will entitle employee to a computer, printer and Microsoft software. Repayment will be automatically deduced from payroll over a 24 monthly period.

Employees will sign up and be chosen by seniority. Once the initial funds are distributed, a waiting list will be established. Employees on the waiting list will be funded as payments are received from previously funded Computer Loan participants. The entire amount of the Computer Loan Program purchase will be due upon separation from City Employment.

FUNDING SOURCE(S) Funding source to be incorporated in 2016/17 City Manager budget Staff is recommending the use of \$10,000 in Fund 10 The General Fund

MAJOR MILESTONE(S):

- 1. With a Computer Loan Policy in August.
- 2. Employees will be able to apply for a computer loan in September
- 3. Staff will provide an update to the Council on the Computer Loan Program in December 2016

PROJECT: False Alarms	Project Allocation
PROJECT DESCRIPTION:	

#### Alarms & False Alarms

Alarms are encouraged for residence and businesses to keep their property safe. However false alarms take away valuable public safety resources. Most cities have Alarm Ordinances that allow residents a certain number of false alarms before they are charged for public safety responding to false alarm. In Grand Terrace residents can have no more than 2 false alarms within 12 months before they are charged a false alarm fee. The City is currently not monitoring false alarms, when staff asked the Sheriff's department for the data a significant number of businesses and residents had well over the two false alarms allowed in a sixth month period.

Staff will be bringing forward some changes to the Alarm Ordinance to requiring all alarms to be registered (no fee for registration) we will also require all alarm companies installing alarms to have a business license to install alarms and register alarms installed. Registration of the alarms will allow the Sheriff's Department to determine if an alarm is registered and how many false alarms they respond to at the address. If an alarm is not registered after six months, the new ordinance imposes a fee for response to the first false alarm, while registered alarms are only fined after 2 consecutive alarms in a twelve month period.

The City's false alarm program differs from other cities. Some cities charge for registration and an annual registration fee. Staff will examine and provide Council with the list of ways other communities address Alarm Permits.

FUNDING SOURCE(S)

Staff will use standard operating budget to implement program

MAJOR MILESTONE(S):

- 1. Staff will provide an updated ordinance to the council before September 2016
- 2. Upon passage of the ordinance, staff will start registration of existing alarm owners and alarm companies installing alarms no later than November 2016.
- 3. Staff will start fining for false alarms no later than April 2016 for non-registered false alarms and as soon as September for registered false alarms with more than 3 false alarms within a 6 month period.

#### Renaming Pico Park

On February 9, 2016 the City of Grand Terrace City Council renamed Pico Park, Veteran's Freedom Park and directed staff to work with MIG to develop additional amenities to co-inside with the new name and the Freedom Wall, which is proudly displayed within Veteran's Freedom Park.

Staff is currently working with MIG to assess the following:

- 1. Any amenities to enhance the Veteran's Freedom Park theme
- 2. New entry way sign
- 3. Directional signs to the Park
- 4. Potential Rose garden
- 5. Refurbishing of Basketball Courts with branches of Military at free throw and half court sign.
- 6. A living display- developing an internet based story with each name on the wall. Including the history of the war which they fought and personalized stories from those wall recipients that want to share their story.

FUNDING SOURCE(S) staff will return for appropriation request upon completing of plans Staff is recommending that the City Council appropriate \$50,000 in Quimby Fees

MAJOR MILESTONE(S):

PROJECT: Development Agreements	Project Allocation
PROJECT DESCRIPTION:	·

#### **Development Agreements**

The City of Grand Terrace has a number of public and private vacant parcels available for development. The Council, through its Successor Agency has 55 acres of land near the I-215, which it has desires to develop over the last decade. In addition to those parcels, the City has Successor Agency land across from Stater Bros and Housing Successor Agency land next to Canal St. and Barton Road. In addition, several major retail centers on Barton Road, either have empty pads/parcels or vacant anchor space leaving many opportunities for new retail development.

Staff expects to liquidate all of the City land by December 2016. Properties will be transferred and development agreements will be executed with private developers. Over the next several months staff will work closely with existing developer and property owners to try and consolidate properties to maximize the impact of any new development.

Staff is also attending trade shows and reviewing economic development incentives to help owners of existing retail centers to attract retailer to fill retail sales leakage within the City of Grand Terrace.

FUNDING SOURCE(S) project will be managed with existing operations cost within 2016/17 budget request

Staff is recommending that the City Council support long term strategy to develop comprehensive economic development strategy.

MAJOR MILESTONE(S):

- 1. Complete Sale and transfer of Housing Successor Agency property by September 2016
- 2. Complete the Sale and Transfer of City owned 55 Acre parcel by December 2016
- 3. Complete the Sale and transfer of Successor Agency property no later than September 30, 2016

PROJECT: Facility Needs Assessment	Project Allocation \$100,000
PROJECT DESCRIPTION:	

#### Facility Needs Assessment

Although Grand Terrace is a community built on volunteerism, it is void of public meeting space, community groups participating in recreation, social, and arts and crafts don't have access to public space to conduct their meetings. The City does not have an adequate community center or even meeting space at its many outstanding parks. In addition the County Library is in City Hall and has outgrown its space.

Whenever a new development is introduced into the City, they are required to pay Development Impact Fees (DIF) or in this case a Facility Impact Fee. When developers build something that bring more people into the community, their project puts additional strain on community assets, and the DIF helps mitigate the impact. The City has approximately \$300,000 in DIF fees; staff will use a portion of the DIF funds to commission a community study to determine the facility needs of the community. Construction costs for new facilities dwarf DIF Funds, but they will allow the Council to commission a study to determine community needs, estimate costs and potential avenues for financing.

FUNDING SOURCE(S) Appropriation request will occur when project is presented to Council Staff is recommending that the City Council Use Fund 19, Facilities Fund for this project. Fund balance as of June 30, 2016 is \$239,629.00

MAJOR MILESTONE(S):

- 1. Staff envisions commissioning an RFQ to companies with experience in providing assessments, conducting community meetings and design of city facilities by September 30, 2016.
- 2. Staff envisions asking the consultant to take examine existing land and or master plan the existing city hall complex. Staff envisions a report to the County in Mach 2017.
- 3. After initial conversations with the community and the consultants, staff envisions a report to the Council on findings and options by May 2017.

PROJECT: Park Projects		Project Allocation \$150,000
PROJECT DESCRIPTION: Joint Use	New Parks	

#### **Completion of Park Projects**

On – the City Council approved a comprehensive Parks project to assess existing parks, review their capacity for recreational activities and examine the development of three new parks (Dog Park, Blue Mountain Nature Trails and Skate Park). The Council approved a contract with MIG, a Park design and development firm. MIG has conducted several community meetings to discuss the three new parks and is working closely with working groups for the design of each park.

The initial park assessment was completed in May and provide to staff. The assessment provides existing conditions of each park and identifies opportunities for the future. The next step in the process is to meet with stakeholders to identify community needs associated with the parks to determine park capacity to meet future community demand. This exercise will allow the council to prioritize future park expenses, and recreation needs of the community.

MIG is in the design phase for both Blue Mountain Nature Trails and Skate Park. The scope of work for these two parks stops at design, while their ability to scope for the Dog Park carry's the project to the release of construction documents. The City released its initial design of the Dog Park in May and will be hosting a community meeting in July to garner some feedback. The initial estimated cost based on the design is approximately \$250,000 to build the dog park.

FUNDING SOURCE(S)

Staff will return to Council once MIG report is complete. Projects qualify to use Quimby Fees

MAJOR MILESTONE(S):

- A community meeting with recreation districts to examine future park capacity needs by July 15, 2016
- 2. Meeting with the Colton Joint Unified School District (CJUSD) to discuss facility usage to meet community recreation needs by July1, 2016.
- 3. Community meetings in July and August to discuss progress on Blue Mountain Trails and Dog Park
- 4. A meeting on the design of the Skateboard Park and the Skateboard committee before August 1, 2016.
- 5. A request to use additional Quimby fees for Park construction and rehabilitation.

PROJECT DESCRIPTION:	

## **Enhanced Infrastructure Financial District**

The City of Grand Terrace will examine the use of EIFD's to help with future development and Redevelopment throughout Grand Terrace. Prior to the Dissolution of Redevelopment cities like Grand Terrace could use Tax increment financing to support investment into the community. Redevelopment allowed property taxes to be frozen at its current rate and any new assessed value could be used to support the infrastructure and buildings to increase overall value in the community.

However, the state ended Redevelopment and cities are struggling with finding ways to entice developers to invest in communities. EIFD's act like redevelopment agencies. Establish of an EIFD allows cities to use tax increment to support projects. However, cities can only use their tax increment, and cannot commit other taxing entities tax share without an agreement and in no case can tax increment which would normally go to a school district be used in an EIFD.

FUNDING SOURCE(S) Staff will make formal request when contract is presented to Council Staff is recommending that the City Council Use General Fund money to investigate establishing an EIFD and hire Kosmot to review and establish an EIFD for the City of Grand Terrace.

MAJOR MILESTONE(S):

- 1. Staff will enter into contract with Kosmot to examine and define the properties of the city that might offer the best opportunities to establish an EIFD.
- 2. Staff would return to the council with potential funding options available if the City established an EIFD.

PROJECT DESCRIPTION:	

## CITYWIDE ELECTRONIC DOCUMENT/RECORDS MANAGEMENT SYSTEM

The City's paper records are at a critical mass in City Hall, resulting in reduced customer service levels and increased operational expenses. Staff will set City-wide goals to provide a more efficient record and information management system. Implement the vision of providing improved access to all city departments' public records by including the conversion of imaged records, new business processes for day-forward records, and scanning permanent and vital records. The assessment process is a comprehensive analysis, in which staff will conduct a survey of current systems and meet with departments on the following: customer service improvements, City Hall space opportunities, development of plans for all departments with cost projections.

Council's continued investment in this project will increase customer service levels, increase public access, improve staff efficiency, and provide wide access to documents. In addition, it will provide for disaster recovery and document protection, create space in City Hall, and reduce duplication of effort, copying and filing.

PROJECT DESCRIPTION:	

#### **City of Grand Terrace Website**

A City's webpage represents the City and you never have a second chance to make that first impression. Although the City recently migrated from its former website to a brand new free website, staff has some concerns about the limitation of the existing free website. Staff proposes the City join other leading cities in California and change providers to make our webpage user friendly and a portal to the soul of Grand Terrace. Staff would like to deploy a webpage that has an "Email Module" that is a full -service mass email and text communication distribution solution, digitally connecting Grand Terrace to groups as large as {20,000+) individuals. There are systems available that allow your emails to go out in newsletter format by using built in customized templates. With so many forms of social media, it is hard to determine which way is best to communicate: Twitter, Snapchat, email. New webpages require one click to share information like calendar events and news across popular social media streams including RSS, Facebook and Twitter.

Webpages now have features that build awareness and maintain government transparency through a constant feed of news and information. From emergency alerts to simple announcements and social media sharing; imagine visiting the City's webpage and seeing the latest newsfeeds for the City and the region. It is also a place where residents would be able to see the Calendar Module of all city related events, meetings, or any public activity with ease. Event posts can be featured on the homepage or simultaneously on multiple calendars. Keeping residents informed and connected has never been easier with APIs and RSS feeds, as well as through social media channels like Facebook and Twitter. Directly connected to the News & Alerts Module, the Social Media Module would instantly pull all socially distributed content into a simple dashboard.

Staff can launch surveys and register people for events and integrate payment as well as incorporate GIS mapping. Webpages are so sophisticated now, that they have built in mapping applications with ESRI software that interface with GIS systems to create a number of mapping applications, including: crime mapping, parcel- and address-based information displays, capital improvement planning, business development mapping, and a number of client-specific customized displays. New webpages take transparency to another level.

In June 9, 2016 the council authorized staff to upgrade our Council Agenda and Minutes process. In 2016 staff implemented video streaming with Accela software program. Accela also offers E-Board Room, a paperless way to conduct Council meetings. The E-Board Room component allows for the Council to view agenda packets and vote during the meeting on an I-Pad or Tablet. This new voting system will allow for the vote to be displayed on the PowerPoint Screen for better viewing on Channel 3 or Video Streaming. Once the City implements E-Board Room, we will have accomplished the Council's goal to insure transparency be easy and accessible to all residents of Grand Terrace.

## **Computer/Server Replacement Schedule**

Information technology is a critical tool for conducting City business; and departments have been unable to achieve predictable, appropriate replacement cycles, due to budget constraints. Staff is proposing that the City's Desktop, Notebook and Software Replacement schedule implement a five-year computer replacement cycle. Although it is critical for agencies to replace servers at optimal times, it is more difficult to recommend a specific life-cycle replacement time period. Server lifecycles could range from two years to six years, depending on their utilization. Staff is requesting a Server Replacement schedule to implement a seven year replacement cycle. Staff would like to have the departments reimburse this fund via a payment plan replenish the funds for future computer replacements.

PROJECT DESCRIPTION:	

ADA-Curb Ramps in School Vicinity.

The City has an aging infrastructure and recently completed its latest Pavement Management Index (PCI) report. The report provided information on not only the condition of city streets and sidewalks, it also assess our ADA access ramps throughout the City. Based on those results, staff has identified a strategy to insure the city sets a path to insue all areas of the community are accessible. The City will construct a total of 30 ADA- Compliant Wheelchair Ramps at street intersections within a 2-block radius of all schools and other locations within vicinity of community centers.

Curb ramps facilitate mobility for the elderly, baby strollers, skate boarders, and other pedestrians. They are an integral part of any City infrastructure and currently a large number of curbs ramps are either missing or do not meet the federal requirements for width, truncated domes, and side slopes.

This project is a big step forward in bringing the City in compliance with State and Federal regulations.

## Project Significance:

Constructing the ramps supports goal # 2 "Maintain Public Safety" of the City 2030 Vision & Strategic Plan. This project will also promote walkability in residential neighborhoods and bring the City in compliance with The Americans with Disability Act of 1990.

FUNDING SOURCE(S) – Staff will return to Council with 2016/17 budget appropriations request Staff is recommending that the City Council Use Gas Tax money for this project.

EOC Citywide Exercise	

Cities are required to prepare for natural disasters and other emergencies by conducting training for their staff and resident volunteers. Said training demonstrates some of the basic steps to be taken in case of an emergency, where to take shelter, communication plan with loved ones, preparing survival kits, response management, clean-up efforts, coordinating with first responders, etc.

The City of Grand Terrace has a dedicated group of individuals that help the city with this exercise (EOC Committee). Over the past year the EOC committee has worked with City staff and County Fire Emergency Management to put together the City's Emergency Operations Plan. The City Council recently hired a consultant to help the committee finish off the plan and do an assessment of our emergency preparedness. Part of the scope of work will be to help the City conduct an exercise to examine our response to various emergency situations.

## Project Significance:

This project supports goal # 2 "Maintain Public Safety" by preparing our City for natural disasters and other emergencies. This event will demonstrate to the community various steps and processes to be taken to prepare for such event.

Repair damages and uplifted sidewalk citywide

In fiscal year 2015/16 the City Council commissioned a Pavement Management Index Study, included within that study was a report on the condition of sidewalks throughout the City of Grand Terrace. Interwest consultants walked the entire City of Grand Terrace and visually inspected all sidewalks and curbs to determine their condition. Areas were photos and categorized into various condition categories.

The City received a final report and will develop a strategy to repair sidewalks in an expeditious manner to reduce liability and increase safety of our walkable community. Some of the methods to repair sidewalks will be replacement of broken or chipped areas, grinding down areas that are popped up because of tree roots and complete replacement of sidewalk sections.

This project supports goal # 2 "Maintain Public Safety" and goal # 3 "Promote Economic Development" by enhancing and improving our infrastructure. This project will also reduce liability from trip and fall claims.

PROJECT: Tree Trimming Schedule	Project Allocation: \$27,000
PROJECT DESCRIPTION:	

Tree Trimming Schedule

The City owns approximately 1,900 trees citywide. The Annual Tree Pruning Project starting in Fiscal Year 2016/2017 will target the prune 270 trees each year in a 7-year cycle at an average cost of \$100 per tree. All trees in this program are in the public right-of-way. However the City's current ordinance requires residents to bare the responsibility to maintain the trees and even requires them to prune trees after contacting the City for permission.

However in 2016 the City had every tree in the city identified and categorized. In addition the City's hired Arborist also looked at the health of each tree in the public right away and made recommendation on how to treat and remove sick and diseased trees. One of the best things the City can do is to take over the maintenance of the trees and prohibit anyone that is not a licensed arborist to cut a city tree in the public right of way.

Council directed staff to return with a modified ordinance that forbids property owners from cutting or pruning city trees and if residents cant wait for our 7 year cycle and want their tree trimmed, they must use a certified Arborist with a business license issued by the City of Grand Terrace.

FUNDING SOURCE(S) Appropriation request will be made when contract is presented to Council Staff is recommending that the City Council Use Street Improvement Fund, General Fund, and Gas Tax Fund.

MAJOR MILESTONE(S):

- 1. Tree pruning will commence in October 2016 and be completed in spring 2017.
- 2. Staff will pursue grants to replace dead trees in late 2016.
- 3. Staff will prepare a report to Council on October 25<sup>th</sup> to modify the Tree Ordinance.

PROJECT DESCRIPTION:		
Animal Control and Sheltering Services:		
The City is required to provide animal control and sheltering services, which the City accomplishes by contracting with the City of San Bernardino. A new Agreement was executed beginning with the 15-16 fiscal year, with a provision to extend twice, for one year each. FY 16-17 constitutes the second year extension. Staff will review performance of existing contract terms and measure the success of the program based on how well San Bernardino accomplished the levels of service laid out in the contract.		
FUNDING SOURCE(S) Incorporated into 2016/17 adopted budget

PROJECT: See Click Fix Performance	Project Allocation \$4,782.00
PROJECT DESCRIPTION:	

## SeeClickFix:

SeeClickFix is a program that was instituted for two reasons: to allow our community members to send in public works or code enforcement issues via their mobile devices or online; and 2) to internally provide for greater efficiencies and streamlining. It would take takes 5-6 hours monthly to manually compile all work order statistics, not to mention the time spent writing and communicating work order to maintenance staff.

SeeClickFix allows the community member to monitor the progress in addressing the issue and allows reports to be automatically generated to track work order progress. Internally, City Staff uses SeeClickFix to generate issues (work orders) for maintenance and code staff.

Since its implementation in mid-January 218 issues were opened (98 Internally) and 198 have been closed. The average time to acknowledge new issues is 7 days, and 11 days to close.

FUNDING SOURCE(S)

The City received a discounted price to purchase two years of SeeClickFix, and no additional funding is needed this fiscal year.

MAJOR MILESTONE(S):

- 1) Staff will evaluate City response times and closure of issues and adjust as needed.
- 2) Staff will prepare quarterly reports using the Dashboard feature of SeeClickFix.

	Sing Services.	
Residential areas are separate into six zones and each zone is swept once a month. The business district, which is both sides of Barton Road and Mount Vernon Avenue is swept one time each week. In addition, City Hall; the Senior Center; Pico Park, Rollins Park and Fitness Park are swept once each month.		
A new street sweeping enforcement program was instituted with the new street sweeping contract. Clean Street vehicles are equipped with a camera and DVR system that documents vehicles parked in the way of the street sweeper. The Vendor provides code enforcement the necessary documentation to verify the violation and this is sent electronically to Data Ticket. Data Ticket issues and collects on the street sweeping violations.		
This new enforcement system is substantially more efficient than the previous system and frees up approximately 18 code enforcement hours each month.		
With this new system, complaints have reduced dramatically.		
Issues: Signs are replaced as needed; however, overall a number of the signs are beginning to fade and need to be replaced. In addition, because the Vendor is traveling all of our roadways, weekly, they are a potential resource to inform Staff of street maintenance issues.		
FUNDING SOURCE(S) Included in 2016/17 adopted budget		
Staff is recommending that the City Council Use: Street sweeping fees collected through the Burrtec Franchise Agreement, which is approximately \$50,000 annually, and augment that amount with the Gas Tax Fund.		
MAJOR MILESTONE(S):		
Staff will return:		

- 1) Staff will provide a progress report on the new street sweeping citation process, in terms of the number of citations and collections twice a year.
- 2) Establish a report-back process with the Vendor so that they can inform staff of maintenance issues that impede service, such as replacement of signs, potholes in streets, and/or tree maintenance. Establish by September 2016.

Program	
PROJECT DESCRIPTION:	

### Non-Owner Occupied/Rental Inspection Program:

This program was established in 2006, for the purpose of allowing the City to identify substandard rental properties and provide for their rehabilitation or elimination of those properties. The program ensures that the exterior of properties are inspected on an annual basis to verify that minimum standards are met, and upon the permission of the tenant or property owner to perform visual inspections.

There are approximately 300 properties in the program, which include single family, apartments, duplexes, triplexes, four plexes. In the 2016 calendar year, all properties that have completed their 10<sup>th</sup> year in the program will revert to 1<sup>st</sup> year status, including applicable fees and inspections, which are more thorough. Currently, the full-time code enforcement officer conducts these inspections; however, given the number of units that will revert to first year status, it may prove challenging to absorb these inspections with current staffing levels.

FUNDING SOURCE(S) incorporated in existing 2016/17 adopted budget

Staff is recommending that the City Council Use General Fund to fund staff resources to implement the program. These costs are offset by the revenue received.

MAJOR MILESTONE(S):

- 1) Staff assess the number of properties reverting to first year status and return in November 2016 with a possible funding recommendation to augment Code Specialist hours to conduct inspections during the second half of the 16-17 fiscal year.
- 2) If augmented, complete all inspections by June 30, 2017.

PROJECT: Land Uses Review	Project Allocation N/A
PROJECT DESCRIPTION:	

#### Land Uses Review:

There are opportunities throughout the City to examine land uses and land use interface, and well as opportunities to evaluate businesses operations for certain uses.

There is the opportunity to examine our City boundaries, particularly on the west end and explore with the City of Colton, possible boundary changes; and also to have this discussion with LAFCO.

Staff has met with a number of different business owners regarding business operations and entitlements. Planning staff has been working with a pallet business to obtain proper permits; and with a recycling company to possibly modify their existing entitlement. Open, unenclosed uses present aesthetic and operational issues, and there are additional areas within the City that Development Services staff would re-evaluate.

#### FUNDING SOURCE(S)

Staff is recommending that the City Council Use General Fund resources which are already budgeted as staff time.

#### MAJOR MILESTONE(S):

- 1) Staff will return by November 30, 2016, and report that the pallet business has obtained land use approvals, and is obtaining occupancy inspections.
- 2) Staff will return by December 30, 2016, and report that the recycling business has modified its CUP.
- 3) Staff will return by December 30, 2016, to provide an update on the boundary issues, and whether there is cooperation with Colton to consider boundary and sphere of influence modifications.

PROJECT: Administrative Citation	Project Allocation
PROJECT DESCRIPTION:	

### **Administrative Citations:**

Code enforcement opened 395 cases during FY 15-16. Many of these cases are resolved without progressing to the citation level, and for the FY 108 administrative citations were issued. When a case is opened, a notice of correction is issued with correction required within 10 days. A field inspection is conducted and a notice of violation is issued if the issue has not been corrected. After 10 days an administrative citation is issued if still not corrected. Citations continued to be issued until corrected. In April, code enforcement implemented a rotational inspection schedule. The City is sectioned into 7 zones, with each zone inspected over the course of two weeks.

Streamlining the code enforcement process, establishing efficiencies and instituting a comprehensive fine collection system will occur in FY 16-17. Staff will evaluate the proactive v. reactive enforcement, with proactive enforcement focusing on quality of life and health/safety issues, and establish procedures for each. Our method of collecting administrative citations will be outsourced to ensure that all fines are collected, and that the administrative costs associated with collections are also recouped. The bail schedule for administrative citations and parking enforcement has not been updated in several years and the schedule needs to be evaluated to ensure proper cost recovery.

Additionally, also informing our community of code regulations, and generally what makes good neighbors and neighborhoods would be helpful.

#### FUNDING SOURCE(S)

Staff is recommending that the City Council Use the General Fund and CDBG funds. Code enforcement staffing is funding by the General Fund, and enhanced code enforcement is funded by CDBG.

### MAJOR MILESTONE(S):

- 1) Staff will outsource collection of administrative fines, in three phases. By September 30, 2016, the first phase, consisting of collection of quality of life and health/safety citations, will be implemented. Phase 2 and 3, will be implemented by December 30, 2016, and March 30, 2017, respectively.
- By January 30, 2017, a comprehensive evaluation will be completed; and streamlined procedures established, which includes field work rotation schedule, proactive and reactive case processing and procedures, will be instituted b March 30, 2017.
- 3) Staff will evaluate fine amounts and return to City Council by December 30, 2016, with recommended changes, and based on Council direction return by March 30, 2017, with appropriate resolutions/ordinances for adoption.
- 4) Staff will return with the creation of a "good neighbor" guide by January 30, 2017.

## PROJECT DESCRIPTION:

#### Successor Agency (S/A) Last & Final Recognized Obligation Payment Schedule (ROPS)

Since redevelopment dissolution, California municipal agencies that have elected to act as Successor Agency to their former redevelopment agencies have been requesting and receiving property tax receipts to pay for their redevelopment obligations through the Recognized Obligation Payment Schedule (ROPS) process.

On September 22, 2015, SB107 revised parameters regarding the submission of ROPS schedules and added authority for successor agencies to submit a Last and Final ROPS commencing January 1, 2016. The requirements for submission of a Last & Final ROPS include the following:

- 1. Received a "Finding of Completion" from the Department of Finance (DOF); the Grand Terrace Successor Agency received its Finding of Completion on May 9, 2013;
- 2. The successor agency's remaining debt is limited to administrative cost and enforceable obligations with defined payment schedules;
- 3. All remaining obligations have been previously listed on a ROPS schedule and approved for payment by the DOF;
- 4. The successor agency is not a party to pending litigation, except as specified in subdivision (a)(3) of Health and Safety Code section 34191.6;
- 5. The Last & Final ROPS identifies each enforceable obligation on which payments will be required to be made by the Successor Agency from the day of approval to the DOF until its termination;

The Grand Terrace Successor Agency has met all the above requirements. Submittal of a Last & Final ROPS allows the Agency to:

- 1. Streamline the agency dissolution process;
- 2. One ROPS template is used to schedule payments for enforceable obligations over the remaining life of an agency;
- 3. Have the Ability to complete one ROPS and be done with most of the RDA wind down process;
- 4. Reduce workload for the Agency, DOF, and the County Auditor-Controller; and
- 5. Allow an increased spending amount of the Agency's 2011 Bond Proceeds based upon the date of issuance.

#### FUNDING SOURCE(S)

Staff is recommending that the Successor Agency authorize the completion of the Last and Final ROPS to allow access/use of the Agency's 2011 Bond Proceeds in conformance with the Redevelopment Plan.

#### MAJOR MILESTONE(S):

Staff will prepare a Last and Final ROPs for the Successor Agency's review and approval;

Upon approval by the Agency' staff will submit to the Agency's oversight Board for their review and approval; After approval by the Agency's Oversight Board, staff will submit the Last & Final ROPS to the Department of Finance (DOF) for their approval;

Once approved by the DOF, staff will coordinate with the San Bernardino County Auditor-Controller for the biannual disbursement receipts for recognized obligation payments;

The Agency will no longer have to submit annual ROPS every year & automatically receive ROPS receipts on a biannual basis.

## **Child Care Services**

The City of Grand Terrace Child Care Services will be re-organized. Parents will sign contracts for services for a year.

- Classes offered will I need to meet a specific number of enrollees; if the class does not meet that specific requirement, it will only take place when there are the required enrollees.
- The specific prerequisite for a class will be based on the required teacher to enrollee ratio. For example:
  - If a class requires 14 enrollees in order to meet the requirement for a single teacher but only 12 enroll, the class would not be established, until there is 14;
  - If a class requires 14 enrollees in order to meet the requirement for a single teacher but 16 enroll, only one class would be established. The other applicants will be put on a waiting list until such waiting list totals 14 to create a 2<sup>nd</sup> class;
  - If a class requires 14 enrollees in order to meet the requirement for a single teacher but 30 enroll, two classes would be established. The other applicants will be put on a waiting list until such waiting list totals 14 to create another class.

This approach will better align the Child Care Program with the needs of the Grand Terrace Community, as well as remove expenditures from classes that would not contribute to the Program's need to be self-sustaining.
